

**Mother Lode Mineral Society
Dino-Mite Rock and Gem Show
March 11 and 12, 2017**

Dear Guest Exhibitor ~

The Mother Lode Mineral Society hopes that you will exhibit at our show on March 11 & 12, 2017. If you have something unusual in your case that could be included on the Treasure Hunt please let us know.

Space is limited and applications will be accepted on a first come first served basis.

Please RSVP before **February 22, 2017** to receive a confirmation of your participation.

Set-up time for exhibitors will be on **Friday, March 10 after 1 pm** when security begins. The hall will remain open until 8 pm on Friday. You can also set up early Saturday morning if prior arrangements are made. Hostesses will be situated near the entrance to each building at 1PM on Friday to give you an Exhibitor Packet and help you find the location of your case. Because we consider our show to be an educational family event, we encourage you to label the material in your case to help our guests and members learn to identify material.

As a thank you to our exhibitors, dealers, and members we will again be serving a complimentary dinner on Friday evening. RV camping will be available to exhibitors at no charge on Friday and Saturday nights.

We look forward to seeing you...

Angela Mendoza, Mother Lode Mineral Society, Exhibitor Chairman
